EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife. Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>
Regular updates will be posted as they are available.
EPA Hotline: 844-607-9700

Comments:

I work with Purestream Services that treats oil and gas waste water for discharge. We would like the opportunity to talk with someone about using our technology and services in clean up efforts associated with the san juan river spill

Please contact me at 801--209-1887
